Governor Cooper,

What's this about, ... you setting the with the partners building the Atlantic gas pipeline to channeling North Carolina portion of the resulting money into a slush fund instead of putting it into the NC Treasury ? In the business environment I think that would be view as fraud, therefor a crime. You took an oath to support and defend the laws of N.C., some example you are setting for our youth and breaking the trust of all NC people. Do you think you should be punished for this if true. You don't I'm sure, but I and many North Carolina Citizens think you should be, maybe impeached. I hope It doesn't come to that. If I did something like that in business it would be considered theft of company funds or fraud, even if I were the president of the company.

Shane on you sir,

Woodson D. Giles
